

St. Paul's Christian Preschool Reviews

- *by Yahoo User - 01/16/10* St. Paul's Preschool has been a wonderful addition to our family! I have three children; my oldest daughter just turned nine. We have a combined preschool experience of almost eight years and I have to say that St. Paul's has been the best overall preschool we have been involved in. My son went to the 2 year old program last year and is in the three day a week 3 year old program this year. I love that St. Paul's starts at such an early age. He has learned social skills that are invaluable. He will take the lessons he has learned academically emotionally and spiritually with him for years to come. I have to say that one of the most wonderful parts of St. Paul's is that the teachers LOVE what they do and it shows. The teachers many who have kids in high school and college had their own children in the St. Paul's program. There is A LOT to be said for that. You will not see a high turnover -- there's consistency and comfort in knowing that you are sending your children to such a wonderful place each day. I also love that the school involves WHOLE family. Siblings and parents are always welcome with open arms. We love St. Paul's and know that you will too!
- *by Yahoo User - 01/15/10* St. Paul's preschool has been wonderful for my two daughters. They have each attended since they were 2 (they are now 3 and 4) so one is in her 2nd year and the other in her 3rd year. I can't say enough about how caring the staff is and the personal attention to each child. The very low teacher to student ratio allows so much individual attention to each child's needs. My daughters have not only learned an amazing amount academically but St. Paul's really reinforces the teaching of social skills such as understanding and empathy for others. And my girls LOVE going to school!
- *by Yahoo User - 08/18/09* St. Paul's Preschool was a great choice for my child. Not only did my child learn things but I did as well. My child was loved and respected and I was able to get through a bad spot in my life with the help of the director. The school was more than a school but a family that cared.
- St. Paul's Christian Preschool was a great place to send my child. I got personal attention and my child made lots of friends. The website may be helpful to those interested. It is www.stpaulsucccl.org. Then look for the preschool tab. We also did the summer camps that were a lot fo fun.
- Thanks for a great start for my son. He is loved and is learning. We are happy.
